

Dear BAPS Parents:

We are excited to offer you the opportunity to join the district notification system using the app “Remind”. This is part of our ongoing goal of improving communication between home and school as well as utilizing available technology resources. Remind is a free app available to you using an iPhone or Android device to receive messages via push notifications, SMS, or email.

This app will be utilized to notify parents in the event of a school cancellation, delay, early release, or other message of significance. All attempts will be made to limit messages for these purposes only. Parents will need to “opt-in” if you desire to receive these messages to your phone or email.

Parents who wish not to take part will still be able to learn of school cancellations and delays through the local media such as WLEW radio, television, Facebook page (Bad Axe Public Schools), or Twitter (@BA\_Hatchets).

Greg Newland, Superintendent  
BAPS
